

Teacher Success with Showbie

— 2018 SURVEY —

Teachers who use Showbie love how it transforms their classrooms into engaging, collaborative, and organized learning environments. How do we know? We asked them.

In January 2018 we surveyed 8,985 Showbie-using teachers around the world to find out how Showbie is impacting their classrooms. We received nearly 700 responses and results showed that teachers who use Showbie had seen noticeable benefits as a result of using the platform.

It's easier for me to
communicate with my students
since using Showbie

Teacher Success with Showbie

Showbie combines all of the essential tools for assignments, feedback, and communication in one easy-to-use platform. No matter what device you're using, Showbie works for you. Showbie encourages formative feedback, fosters real-time collaboration, and creates opportunities to engage parents in their student's learning. More than 30,000 teachers use Showbie worldwide to manage their classrooms.

- “ Showbie is easy to use, saves on paper, and allows me to provide meaningful and timely feedback. The kids love it and so do !!
- “ Showbie has increased learning in my classroom and made it fun. It makes it easier to see progress and look back over previous work.
- “ I never lose any papers with Showbie. I love that the students and I can work together to review material and have access to it through the simple touch of a finger. Grading is easy. One of my favorite tools is the ability to leave voice messages with suggestions instead of having to write them.

How likely are you to recommend Showbie to another teacher/principal and/or district administrator?

How much time per week has Showbie saved you by not having to photocopy and distribute worksheets, by making communication more efficient, quicker marking, etc.?
